 Only the duly elected/designated Fire Chief may authorize this permit and will be responsible for any misuse of red lights and siren. This permit does not relieve the driver from due regard for the safety of all persons, nor from the consequences of reckless disregard for safety.*

*Upon leaving the department, trading vehicles, replacing windshields, or at the discretion of the Chief or WVSFMO, this permit is to be surrendered to the Fire Chief. The Fire Chief is responsible for returning this permit to the Fire Marshal's Office to be removed from your fire department's file.
 Failure to return a permit which is no longer valid may result in non-issuance of future emergency vehicle permits.*

When placing your Permit on your windshield, place it 1 (one) inch above your State Inspection Sticker on the driver in-side of your windshield.
