Certification as Code Official, Code Inspector or Plans Examiner

WV Code § 29-3-5 b(d) and 87 C.S.R. 7 as of June 1, 2016

Categories of Certification:

Code Official is a person who oversees and administers the Code Enforcement Department in a municipality, county or other local government entity that has lawfully adopted the State Building Code. In this role, the person may typically supervise one or more Deputy Code Officials, and other administrative and technical staff employed by the Code Enforcement Department. The Code Official: a) examines construction documents to ascertain compliance with provisions of the State Building Code, and/or b) performs field inspections to determine compliance with approved plans and code requirements, and/or c) enforces the relative administrative provisions of the State Building Code such as supervising building code inspectors or plans examiners, issues building permits, occupancy permits, notices of violations and orders, and initiates compulsory process.

Each Code Enforcement Department must have a minimum of one (1) Building Code Official to oversee the agency.

A Code Official may be certified in several disciplines.

Code Inspector is a class of certifications issued by the Office of the State Fire Marshal in various disciplines. An Inspector's duties include examining construction sites and building locations to ensure they are constructed or maintained in accordance with the State Building Code and the adopted applicable ICC codes relative to the situation. An Inspector may issue a report of the condition or circumstance to the Code Official for further action.

A Code Inspector conducts inspections and examinations of buildings in the process of construction or renovation to ascertain the level of compliance with the state building code.

A Code Inspector may be certified in several disciplines.

Code Plans Examiner is a class of certifications issued by the Office of the State Fire Marshal in various disciplines. A Plans Examiner's duties include reviewing construction documents submitted as part of a permitting or compliance review to determine their compliance with the State Building Code and the adopted applicable ICC codes relative to the situation. A Plans Examiner may issue a report of the findings and conclusions of the review to the Code Official for further action.

A Code Plans Examiner examines and reviews construction or renovation plans and drawings for compliance with the requirements of the state building code.

A Plans Examiner may be certified in several disciplines.

Provisional Code Inspector/Code Plans Examiner: An uncertified individual may be granted a provisional license for a period of no more than two years while the requirements of certification are being satisfied. Code Officials cannot hold provisional status.

In order to qualify for a provisional status an applicant must submit a completed application (make sure to mark the discipline(s) the applicant is seeking provisional status for on page 5), submit a letter of hardship from your current employer (the municipality or governing body) explaining the need for the applicants provisional status, proof the employer has adopted the latest State Building Code, as well as a check or money order for the certification fee. All provisional applicants must be approved by the State Fire Marshal.

Licensure as a Professional Engineer or Professional Architect in the State of West Virginia:

Licensure as a Professional Engineer or Professional Architect in the State of West Virginia qualifies the applicant for any classification without the need for ICC examination. Applicants must send in proof of licensure with the application.

Third-Party Exam Administrator:

International Code Council – ICC - 1-888-ICC-SAFE (1-888-422-7233) - website www.iccsafe.org

Fees:

The certification fee is \$ 75.00 per category (i.e. Code Official, Code Inspector or Code Plans Examiner) paid via check or money order only, made out to the WVSFMO. Payment must be submitted with the application.

Continuing Education Requirement (WV):

In order to qualify for renewal of the each certification the individual shall complete a minimum of 1.5 continuing education units (1 CEU = 10 hours of instruction) during **each** renewal period – 0.5 must be completed each year for a cumulative total of no less than 1.5 CEU’s during any renewal period.

Continuing Education Requirement (ICC):

During the three-year period prior to the renewal application date, the applicant shall accrue the number of continuing education units (CEUs) required for your certificate. Renewal is achieved by participating in continuing education and professional development activities. For example, a seminar you attended to earn CEUs must have been within three years prior to the renewal date. You must keep documents and records of each activity during the three-year renewal period.

Note: The above continuing education requirement is to maintain ICC certification only.

Number of Certifications Being Renewed	Total Number of CEUs Required*	Min. Number of CEUs Required Through ICC or PPN Training (50% of total)
1	1.5	0.8
2 through 5	3.0	1.5
6 through 10	4.5	2.3
11 or more	6.0	3.0
Master Code Professional, CBO, CFM	6.0	3.0

Renewal:

Certifications are valid for three years. Certificates must be renewed on or before the expiration date (when they become inactive) to be current. Approximately 90 days prior to the time when your renewal is due, Fire Services Division/Regulatory and Licensing Division will send a courtesy renewal notice to your last known address. If for any reason you do not receive this notice, you may obtain renewal information specific to your certification from the Fire Services Division/Regulatory and Licensing Division.

The Renewal fee is \$ 75.00 per category of certification (i.e. Code Official, Code Inspector or Code Plans Examiner). Any renewal submitted after the expiration date is subject to late payment fees or non-renewal as specified in legislative rule 87 C.S.R. 7.

Please note all licensees are responsible for renewing their certifications whether or not they receive a renewal notice from the Regulatory and Licensing Division.
