The official business meeting was called to order at 09:06 a.m. by Chairman Carl Sizemore.

**ROLL CALL:**

**Commissioners Present**

Dave Camp, Carl Eastham, Doug Estep, Grant Gunnoe, Phil Hart, Doug Mongold, Jim Oldaker, Carl Sizemore, Vic Stallard, Robert Miller and Virgil White.

**Commissioners Absent**

Tom Keefer and Ted Shriver.

**CHANGE IN AGENDA:**

Commissioner Sizemore made a modification to the Agenda and requested to move ahead to one new business item ... Consideration of Recognition of Richard Honse with Lubeck Volunteer Fire Department.

Chief Deputy Fire Marshal Robert Sharp and Chairman Commissioner Sizemore spoke before the group and gave notice to the ever important job performed by so many. Chief Deputy Fire Marshal Sharp spoke about an incident that occurred around 22:00 hours on July 12, 2015, when Lubeck Volunteer Fire Department’s Rescue 28 responded with a crew of six firefighters to assist the Mineral Wells Volunteer Fire Department in the aftermath of a storm that dropped 4” of rain in an hour and resulted in people being stranded in flood waters. After checking in at the command post, Rescue 28 proceeded to the apartments on Dublin Drive, where it was reported civilians were trapped on the roof. There was also a report that a woman was missing in the flood waters. As the crew was in route, a male stopped them and said he knew where the missing female who had been swept away by the flood water was located. He led them to a golf course, where they saw a screaming woman clinging to a tree about 150 feet out in the water. The waters in which they were wading had damaged their portable radios. No one knew where they were, and they didn’t have any equipment. They sent a firefighter to obtain help and equipment, but he was unable to make it back because of the rising water. Rescue 28 determined that the male who led them to the victim had a 100-foot piece of Para cord and their chief had 40 feet of 8-mm cord, two carabiners, and some webbing in his bunker pants. They tied them all together. Lt. Honse, wearing a life jacket, waded out in the water with the makeshift rope tied to his full body harness. The chief became the anchor. Lt. Hones attempted to reach the victim four times and each time was swept past her by the swift current. He was pulled back to shore four times. On the fifth try, he was able to catch a limb and pull himself over to her. He wrapped his webbing around her and clipped her to his harness. After coaxing her to let go of the tree, they were swept away into the open water and pulled to safety.
The water rescue of July 12, 2015 was submitted, where Lieutenant Rick Honse risked his own life multiple times to save the life of a female who was clinging to a tree, in rapid flood waters, on a golf course, in Mineral Wells for the Ray Downey Courage & Valor Award. This Award is given out at in front of 30,000 + firefighters each year at the Fire Department Instructors Conference or FDIC in Indiana. The awarded recipient receives $35,000 prize along with a Ray Downey Courage and Valor Medal. The fire Engineering Courage & Valor Foundation was created to ensure that we as American’s "Remember Forever" the fallen firefighters of September 11, and in their memory, recognize other firefighters who demonstrate that same courage and valor in rescue missions. The Ray Downey Courage and Valor Award commemorates the life and career achievements of Deputy Chief Ray Downey, who lost his life while commanding rescue operations at the World Trade Center attack on September 11, 2001. Deputy Chief Downey was chief of rescue operations and a 39-year veteran of the Fire Department of New York. He was the most highly decorated firefighter in the history of FDNY. Deputy Chief Downey commanded rescue operations at many difficult and complex disasters, including the Oklahoma City Bombing, the 1993 World Trade Center Bombing, and many natural disasters worldwide. For his lifetime of unparalleled service to firefighters and citizens alike, and in remembrance of the courage and valor exemplified many times throughout his life, it is fitting that the Courage and Valor Award, be presented to one extraordinarily courageous American firefighter each year, bear the name of Ray Downey, a truly extraordinary man. Thousands of nominations are taken each year and are sent through a stringent review process before the winner is awarded. In February 2016, a call was received from a Lady in New Jersey who stated that Lieutenant Honse’s rescue had made it through the review process and is one of the final 4 people being considered for the Ray Downey Courage & Valor Award. Lt. Honse, unfortunately, was not chosen as the 2016 Ray Downey Courage & Valor Award winner but we want to recognize his actions. Actions that prove how his training and dedication, helped save a life! Lt. Honse refused to give up that night and his actions exemplify the highest traditions of the fire service! It is a GREAT HONOR to have made it to the final 4 in the Nation!

After receiving his Certificate from the Commission, Lt. Honse spoke and stated, ‘It is humbling to know the State of WV is behind its people like this. It’s an honor to do what I do and carry on through the generations’.

Chief David Crimm from the Grafton VFD addressed the Commission and spoke regarding the lack of manpower to operate the Thornton VFD. Chief Crimm stated that the decision was made to dissolve the Department and liquidation of the equipment and property has already begun taking place. Commissioner Stallard questioned the number of residences and businesses within the service area of Thornton VFD and Chief Crimm concluded that there are approximately 130 residences and no businesses. Grafton VFD is approximately 3 to 4 miles away from Thornton VFD. Chief Crimm also noted that Grafton VFD has been in response to calls for Thornton for some time now. Commissioner Camp asked if it would be the intent or interest of Grafton to use Thornton VFD as a substation and Chief Crimm stated not at this time due to lack of interest in the immediate area. Assistant State Fire Marshal Scott spoke and said that the County Commission, Prosecuting Attorney have both worked with Counsel Connolly to put the order into place and take care of the citizens within the area. Commissioners commended the team work of all for doing the right thing and making the right decisions for the Citizens of that area.

Unfinished Business

Training Listed Classes Revision / Chart:
Dave Plume spoke with RESA spoke. Mr. Plume stated and he and Mark Lambert met for several hours and reviewed item by item the Training Chart provided. Mr. Plume noted that the revised chart he provided is listed as Revision 22. Mr. Plume further provided some outdated training charts that were located on the WVSFMO website. Discussion was in depth about the updated chart, the ‘Recommended For’ column and other trainings provided by the WVSFMO and others.

Commissioner White thanked Mr. Plume and Mr. Lambert for their many hours of work preparing and updating the chart. After further discussion it was decided that a work group would be established and meet at a later date to further update the training chart and establish the FF1 training module.
Mr. Plume made mention of NIMS training and suggested that perhaps the Department of Homeland Security could come and report further information regarding such.

Mr. Lambert questioned Division Deputy Fire Marshal Leake regarding the requirements or minimum years of training to be a Fire Inspector. Mr. Leake wasn’t sure right off hand and reported that he would review and report back.

It was suggested by Mr. Plume, Mr. Lambert and others that the updated training chart have an easily identifiable footnote that details the trainings listed are merely recommendations and NOT requirements. It was further discussed that the same footnote should also state that additional trainings may be provided by a training agency and an interested participate could call a training agency for further details.

Commissioner Estep made a motion to recommend the approval of the amended training chart to the full Commission so that the WVSFMO may update such on the website, second by Commissioner Eastham. With all the ayes and nays having been taken on a voice vote, the motion passed.

Marshal Leake provided the following Fire Safety Inspection & Plans Review Division Numbers for the period January thru March, 2016:

- 2932 Inspections Conducted
- 484 Plans Reviewed
- 107 Occupancy Permits Issued
- 1114 Licenses Checked

Marshal Leake reported back regarding a question from the prior days Committee Meeting and according to 10/33 he could find no time frame requirements for Inspectors.

Deputy Fire Marshal Jason Baltic spoke for Investigations. Mr. Baltic detailed the work of fires, explosion, firework mishaps, assisting in Inspection Division and Fire Department Services. Mr. Baltic explained the Investigation Division handles all criminal aspects of a fire, making arrests and assisting other law enforcement agencies when requested. Investigations responds to all fatality fires.
Marshal Baltic provided the following Investigation Division Numbers for the period April 1 to May 31, 2016:

- Total number of Fires: 100
  - Accidental: 10
  - Incendiary: 12
  - Undetermined: 78

Chief Deputy Fire Marshal Sharp spoke and presented the overall Operations Report for the WVSFMO.

- Fire Marshal Ken Tyree is on Annual Leave.
- Revised code effective dates include Code Officials Rule effective date June 1st; State Fire Code will be effective July 1st; State Building Code effective August 1st.
- Electricians Rule Stakeholders meetings are planned for August – September timeframe.
- State budgetary decisions may affect future operations of the agency; discussing alternative plans to ensure continuity of the operations and execution of each division’s mission. The most recent proposal seen includes sweeping $500,000 from the special revenue and a 2% cut to all DMAPS agencies, but at there isn’t a budget.
- Legislative auditors are almost finished with their report. The Agency has been cooperating with them and making changes as made aware of them. It is hopeful that this report will be finished sometime this summer.
- Concerning the Assistant Fire Marshal Deputation program, pushed back its launch to a September timeline.
- Concerning the Commission on Oil & Natural Gas Safety; currently there is a survey out to all fire departments to assess training needs pertaining primarily to Oil, Natural Gas, & Pipelines Emergencies. 102 fire departments have responded to the survey. Resources are on the website under Fire Dept. Services which are links for free on-line training and some best practices guidelines.
- The online renewal system for Electrician Renewals is going pretty well; received 3092 renewals online. Continuing to work to make things more efficient for the customers and employees.
- Personnel Staffing:
  - Agency has 7 vacancies within (2 Investigators, 3 Inspectors and 2 Public Information Specialists); hopeful to get all vacancies filled by September. Two Fire Marshal 3 positions in the Investigations Division to fill and have interviewed 3 of the personnel to fill these positions.
- Policy Update: Have developed a new policy that was approved this week by the Department of Personnel and the Department of Labor to change our our Sworn Personnel’s work period from a 160 hour 28 day period to an 80 hour 14 day work period. The Agency will be sending this policy out to all personnel and implementation will take place in the next few weeks. This will alleviate some issues with the new WV Oasis biweekly pay period.
- Consumer Fireworks became legal to sell, use and purchase on June 1 and the Agency has worked diligently to prepare for this date. Have written and emergency legislative
rule, had stakeholder’s meetings, trained our personnel, created application packets for retailers, started a fireworks awareness / safety media news release and fielded many inquiries by phone and in person. The Agency is also working to use the “Arson Hotline” number for Fireworks related complaints or tips, etc.

- Fire Department Loss of Funding: 0 for this past quarter.
  a. (The two deadlines involved are the quarter deadline and then 90 days later, the grace period deadline. Other than being decertified, not submitting their NFIRS incident reports by the prescribed due date is the only way to lose their funding. It has nothing to do with the 180 day issue. Once they miss the grace period deadline, the money is lost and reallocated to the departments that were in compliance. There is no getting it back after that.)

- WV Public Safety Expo and the Fire Marshal’s track was successful; Agency believes we can do some better things with it in the future but overall very pleased with it.

- Fire Marshal Tyree is looking at ways to better improve communications to all our stakeholders throughout the State; he would like to reach out a little more and create a better way to network.

- Visits and Meetings Attended:
  South Fork VFD Banquet in Brandywine, WV
  Ohio Valley Oil & Natural Gas Association Meeting
  Marshall County Firefighter Association Workshop
  9/11 Steel Memorial Ceremony, Huntington, WV

- Training:
  Fireworks Training
  Firearm Spring Qualification
  Laws of Arrest- Steve Connolly
  WV Public Safety Expo- Fire Marshal’s Track
  National Electric Code Update Training

- WV Junior Firefighter’s Camp will be next week June 5-9 and we will have personnel there to assist every day.

- The NFPA Fire Prevention theme this year is: “Don’t Wait Check the Date”- Replace Smoke Alarms Every 10 Years. Fire Prevention Week is October 9-15.

- Chief Deputy Marshal Sharp publicly commended the staff and their contribution to the agency. ‘We have much to do and we’ll continue to progress by prioritizing and addressing every aspect of our agency to make it better.’

Commissioner Gunnoe commended the entire staff of the WVSFMO.

Commissioner Stallard made mention of the Agency requesting the audit and he believes in the great job being done by WVSFMO. Marshal Sharp stated it’s about doing the right thing and making necessary changes and moving forward in the right direction.
