**UNFINISHED BUSINESS:**

1. Consideration of Municipality Home Rule Board Settlement-

Fire Marshal Tyree reviewed the Municipality Home Rule Board Settlement with the Fire Commissioners present. A Verified Petition for Writ of Prohibition was filed in October 19, 2016 that allowed Bridgeport and Clarksburg to become exempt from the requirements of the State Building Code as promulgated by the Fire Commission in the WV Code of State Regulations.

Commissioner Eastham sent an email asking if the WV State Fire Codes and training requirements could be added to the settlement

Fire Marshal Tyree explained that presently the Municipal Home Rule Board could not exempt the Fire Code and concerning fire training the Fire Commission would've had to add this prior to the settlement agreement.

Commissioner Gunnoe asked if Bridgeport and Clarksburg would have to go back and make any changes?

Fire Marshal Tyree explained that this settlement agreement would only prevent future municipalities from being exempted from the State Building Code. Bridgeport and Clarksburg would continue as they are now.

Commissioner Gunnoe stated that hopefully moving forward this settlement will stop an avenue for cities to exempt themselves from the State Building Code in the future.

Commissioner Eastham stated that his email questions weren't part of the original litigation, but wanted to discuss this issue.

Commissioner Shriver asked if moving forward if Bridgeport and Clarksburg would have to comply with the State Building Code?

Fire Marshal Tyree said no, these cities wouldn't have to comply.

Commissioner Gunnoe stated that nothing in this settlement requires them to comply, unless Bridgeport or Clarksburg would agree on their own, but this does prevent other cities from being exempted from the State Building Code.

Commissioner White made a motion to approve the Municipal Home Rule Board Settlement, second by Commissioner Eastham. With all the ayes and nays having been taken on a voice vote, the motion passed.
