Upon the sale, transfer, or at the discretion of the Chief or WVSFMO, this permit is to be surrendered to the Fire Chief. The Fire Chief is responsible for returning this permit to the Fire Marshal's Office so that it may be removed from the respective Fire Department's file. Failure to return a permit which is no longer valid may result in non-issuance of future emergency vehicle permits.

When placing your permit on your windshield, place it approximately 3 inches above your state inspection sticker on the inside driver's side of your windshield.

Please mail all completed applications and documents to:
